HOUSE OF CHRYSANTHEMUM

LACHUTA  
FARM

# ABOUT

Nestled in the fertile highlands of Nyeri, Kenya, Lachuta Farm thrives in one of the world's most ideal flower-growing climates. Our elevation and rich volcanic soil create perfect conditions for cultivating extraordinary chrysanthemums.

We specialize in producing high-quality chrysanthemums renowned for their vibrant colors, strong stems, and exceptional vase life; qualities that have made us a trusted partner for florists worldwide.

Our commitment extends beyond beauty: we practice sustainable farming methods that respect the land while delivering consistent premium quality you can depend on, harvest after harvest.

LACHUTA  
FARM

# WHY CHOOSE US

Thanks to Nyeri's exceptional climate, with consistent temperatures and reliable rainfall patterns, Lachuta Farm maintains year-round chrysanthemum production.

This means our partners enjoy uninterrupted supply and consistent quality regardless of season.
